## **Coronation Flowers**

Work has begun this week on our wildflower patch. Mrs Scott has been working hard with several children to turn a small patch of our field into a flower border ready to sow the seeds.

## What's been happening this week?

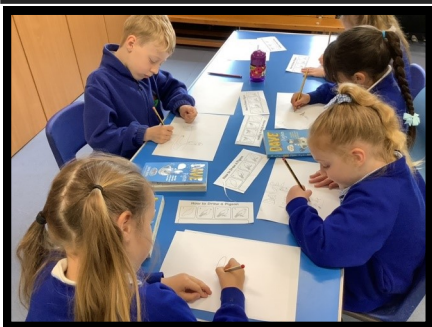

Fox class combined knowledge and skills from Science, DT and English to make magnetic travel games, complete with instructions.

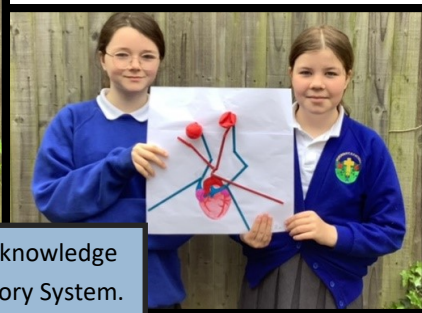

The children in Reception have been ordering numbers from 11-20.

Some of the children in Year 1 and 2 have been trying to draw Dave the Pigeon to match their reading book!

Owl Class have used their Science knowledge to make 3D models of the Circulatory System.

## Achievers

We celebrated our hard work this week outside! Well done everyone for all the hard work you put into your learning, as well as showing our school values in the way you behave around school and in lessons.
