Year 1

Hello Squirrels!

I loved seeing you and your lovely smiles at the St Blaise's Centre on Friday morning and I cannot wait for some more fun this Friday. It was amazing to see some of the work you have been completing at home and I am so impressed with you all you hard work (and the parents!) you really are incredible.

I would love it this week if you could all bring a piece of work you have completed this week to show on Friday or come with any new facts you have learned about minibests throughout our topic. This week we are focusing on making and writing lists, there are three different writing activities to complete so you should be a list writing expert by Friday! Please remember you capital letters and full stops- they are so important. Have a fabulous week learning and I am so excited to see you all again on Friday at 9:30 at the St Blaise's Centre!

We have two weeks (can you believe?! ) of this school year left and would be so grateful if we could keep our feet on the accelerator for just a little longer- I know it must feel like a lifetime of learning from home but I want to ensure I can prep you as well as I can for September when you move into new year groups. I have tried to make this week as fun and as creative as I can- who knew bugs could be so interesting?!

I am sending lots of smiles, positive vibes and love to all you all and as always, I am here to answer any questions or help in any way I can (and as quickly as I possibly can)! Keep smiling because every day we are one day closer to normality.

Love Miss Bertrand
