

Plotting a Line Graph

The table below shows how quickly a beaker of water was heated up using a Bunsen Burner.

Time (minutes)	Temperature (°C)
0	10
1	20
2	30
3	50
4	60
5	60
6	70
7	80
8	80
9	90
10	100

Plot the information on this line graph.

1. What was the starting temperature?
2. What might the temperature have been at 5 minutes?
3. What was the finishing temperature?
4. What might the temperature have been after 5 and a half minutes?

Now write a question that could be asked about the line graph and provide the answer.
