

The Blue Letter: 22nd November 2019

Dear Parents/Carers

Thank you for your support and encouragement this week as the Church of England Schools Inspection took place. As with most inspections, the result is not available for a few weeks but the inspection went as we expected and we will share the result with you as soon as we can.

There will be a small Christmas Fair and refreshments in the Community Room at school after the Nativity on 5th December. Full details will come to you in a letter but there will be a non-uniform day next Friday (29th November) in return for donations for hampers, bottle, children and chocolate tombolas etc.

Collective Worship

Next week in worship our theme to continue to be Wisdom and our bible verses come from Proverbs 1: 2-5

"Here are proverbs that will help you recognize wisdom and good advice, and understand sayings with deep meaning. They can teach you how to live intelligently and how to be honest, just, and fair. They can make an inexperienced person clever and teach young people how to be resourceful."

We will be exploring with the children how these ancient wise sayings can be lived out every day and still be relevant to us now. There will also be opportunities for the children to consider how their behaviour and attitude could alter if they reflected and pondered on these 'pearls of wisdom'.

School Meals Survey

The mission at Chartwells is to nourish young bodies and minds, and in order to do so, they want to make sure that the food offer meets the ever changing needs of our students.

To gather the insight they need, their two "We're All Ears" surveys (one for parents and one for our children) are being launched on

Monday 18th November and will stay open until Saturday 30th November. The surveys are available via the website <https://westsussex.mealselector.co.uk> and they need your support!

The survey consists of a list of questions to better understand the decision making process of their consumer as well as their food preferences in more detail than they have ever explored before.

They know that parents and children may respond differently and so want to ensure they ask both as they are key to the decision making process.
